

BIG BANG BAR DEPOSIT REQUEST

We have received approximately 200 pre-order requests for Big Bang Bar. Due to this exceeding our anticipated number of production machines, we will produce enough machines for everyone who has pre-ordered and pays their deposit.

Now is the time to get your deposit to us for your BIG BANG BAR. Please complete the enclosed order form and send your deposit for the machine you are ordering. This will ensure your order for the machine. Serial numbers will be assigned on a 1st come 1st served basis and will be based on the postmark of your payments. Payment must be in the form of CASHIERS CHECK made payable to Pin Ball Manufacturing, Inc. and should be sent to :

Pinball Manufacturing, Inc.
#6 Georgianna Lane
Bloomington, IL 61701

The deposit must be mailed no later than December 1, 2004.

Also, sales tax will be added to the price of the machine on the final invoice for any machine that is ordered by an individual in the State of Illinois, that is shipped to an address in the State of Illinois or that is picked up directly from our location in the State of Illinois. This tax is currently 7.5%, but the actual rate charged will be determined at the time that the final bill for the machine is rendered. This will be added on your final invoice. If you are a reseller, you must provide us a completed CRT-61 "Certificate of Resale" before your final invoice is computed. You can download a copy of this form from www.revenue.state.il.us/taxforms/Sales/Crt61.pdf or we can mail you a copy if you request it. In all cases the final invoice must be paid in full before shipment can be made.

Freight charges are unknown at this time and are to be paid by the buyer.

We hope to have the machines ready to ship by March 2005.

We have also enclosed a Big Bang Bar Replacement Parts Interest Form. If you are interested in being notified if we offer pre-ordering of replacement parts, please complete the form. Please do not complete this form if you would not be willing to **pre-pay** for these parts at the time that they are offered. If we offer this, the pre-orders and payment will be required after the deposits are received and before the final machine is produced.
