## The Squeaky Wheel Gets the Dry Slick

*Improve lubricity without the residue*

Hubbard-Hall's **Dry Slick** is a unique, industrial grade dry lubricant for **metal on metal, metal on plastic and plastic on plastic.**

- Loosen rusted bolts
- Free locks
- Ease hinges and drawers
- Any application where continuous friction occurs

### Benefits:

- Fast drying
- Non-tacky film
- Does not attract dust and dirt
- Very thin, non-visible film
- Compatible with plastic and metal
- Available with UV dye for proof of application
