

1

STEP 1

Grab the 2 pieces of $35 \frac{7}{8}$ " and the 2 pieces of 38" long. Also grab 1 piece of $32 \frac{7}{8}$ " and create the frame of the base crate. Use the 2.5" screws to bold the pieces together but do not bolt them all the way to the end yet. Use two screw in each location to make sure the bond will be strong.
