

To Whom It May Concern,

The purpose of this letter is to confirm and memorialize that Planetary Pinball Supply, Inc. ("Planetary Pinball") is Williams Electronics Games, Inc.'s ("WEG") only authorized licensee in the field of mechanical and electromechanical pinball machines and replacement parts for those machines. This license includes the worldwide rights to use the Williams and Bally copyrights, trademarks and logos, and the intellectual property related to the trademark protected game titles of pinball machines originally released by those companies, and all associated artwork (to the extent these items do not involve third party intellectual property rights requiring additional licensing).

No other person or entity is currently authorized by WEG to advertise, market or produce these types of products using the aforementioned intellectual property rights. Moreover, WEG has authorized Planetary to enforce these rights against any other entity that is using the intellectual property.

If any third parties mistakenly believe that they are authorized to use WEG's copyrights, trademarks or artwork for these types of products under a prior license, they may contact me at Eric.Schmalz@scientificgames.com. Be advised, however, that no such prior licenses in this field should be active as of March 10, 2014. Note also that Williams Electronics Games, Inc. and Bally are wholly owned subsidiaries of Scientific Games Corp.

Sincerely,

A handwritten signature in black ink that reads "Eric M. Schmalz". The signature is written in a cursive style with a large, stylized "S" at the end.

Eric Schmalz
