HAPPY DAYS ARE HERE AGAIN!

The good old days are back....Remember "Twilight Time" by the Three Suns - "Moonlight Serenade" by Glenn Miller - "Marie" by Tommy Dorsey? All hits of the "Golden Era of Juke Boxes".

Wurlitzer is bringing back the "good old days" with the NEW Model 1050. This is not a coin-operated phonograph. It is a JUKE BOX. Made in limited quantities - for that special spot with "old-time" decor.

This is a limited edition - Because of it's special look it will only go into very few locations. Because it is "custom-made" and a limited edition, it is expensive - But well worth it for that one special spot.

You will be receiving an invitation to see the Wurlitzer Juke Box in the near future - Come see it - you will be surprised!

Regards
