9. Enter the name of your location

8.

- 10.Add a Pin for location staff to use for verificatoin
- 11.Add a Photo Location Radius to make sure scores are only recorded in your location.

Note: This is only recommended if you have a strong wireless signal. If you have weak reception or users will be using WIFI it is recommended to leave blank.

12.Select if you want to allow users to participate in concurrent quests or record dupicate scores.

Note: Not allowing duplicate scores is a methode used to prevent cheating. Two players achieving the exact same score is very rare and it is recommended to disalow them.

- 13.Enter the address of your Location
- 14.Create Location
